SUBJECT: DOWNTOWN OFFICE "SITE FINDER" WEB SITE LAUNCH

The Redevelopment Agency is pleased to announce the launch of the new Downtown office "site finder" web site <http://www.sjdowntownoffice.com>. The web site features tools to allow businesses and brokers to search for office space and information about Downtown, including the Agency's business assistance programs. *CoStar*, the leading national commercial real estate database, provides the content for the "site finder" tool providing valuable building vacancy information for prospective tenants and landlords.

In a down economy, it is essential for businesses to have access to the broad array of services and programs offered by the Agency and City. The web site is part of the Agency's ongoing effort to provide easily accessible resources to the business community.
